RE: FCC-Required Notice of Discontinuance of Certain Operator Services

Dear Valued Customer:

This letter is to inform you that on or after March 1, 2016, Poka Lambro Telecommunications, LTD., ("Poka Lambro") will no longer be providing certain operator services within the state of Texas. Customers who attempt to utilize the discontinued services will be informed by the operator that the service is not available. Specifically, the following operator services will be discontinued.

- Collect Call - A billing arrangement by which the charge for a call may be reversed provided the charge is accepted at the called service point.
- Bill to Third Number - A billing arrangement by which an operator-assisted call may be charged to an authorized service point other than the service point originating the call or the service point where the call is terminated.
- Billed to Credit Card - A billing arrangement by which an operator-assisted call may be charged to an authorized credit card.
- Busy Line Verification - An operator service allowing the operator to confirm when a line is idle or in use.
- Busy Interrupt - An operator service allowing the operator to break into a conversation when a line is in use.
- Person-to-Person - A service where the person originating the call specifies to the Company operator a particular person to be reached, a particular mobile service point to be reached through a Mobile Telephone Service attendant, or a particular station, department or office to be reached through a PBX attendant.

This discontinuance is limited to the above operator services and will not affect your Poka Lambro service in any other way. Customers will continue to access general operator services, including operator assisted dialing, handling sent-paid calls, handling emergency calls and providing rate quotes where available.

The FCC will normally authorize this proposed discontinuance of service unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible, but no later than 15 days after the Commission releases public notice of the proposed discontinuance. You may file your comments electronically through the FCC's Electronic Comment Filing System using the docket number established in the Commission's public notice for this proceeding, or you may address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the §63.71 Application of Poka Lambro Telecommunications, LTD. Comments should include specific information about the impact of this proposed discontinuance upon you or your company, including any inability to acquire reasonable substitute service.

If you have any questions about this notice or Poka Lambro's discontinuance of the aforementioned operator services, please contact us at (806) 924-7234.

We thank you for your business and look forward to continuing to serve your communications needs.

Sincerely,

Poka Lambro Telecommunications, LTD.
